Our Philosophy

Over 60 years of
experience in the printing
and packaging industry.

Based on our philosophy we strive for:

Reliability

We are a reliable partner for our customers, supplying them with high-quality packaging products according to the agreed-upon timeframe and specifications.

Effectiveness

We are effective for our customers, ensuring that the supplied products provide them with the exact solutions that they need.

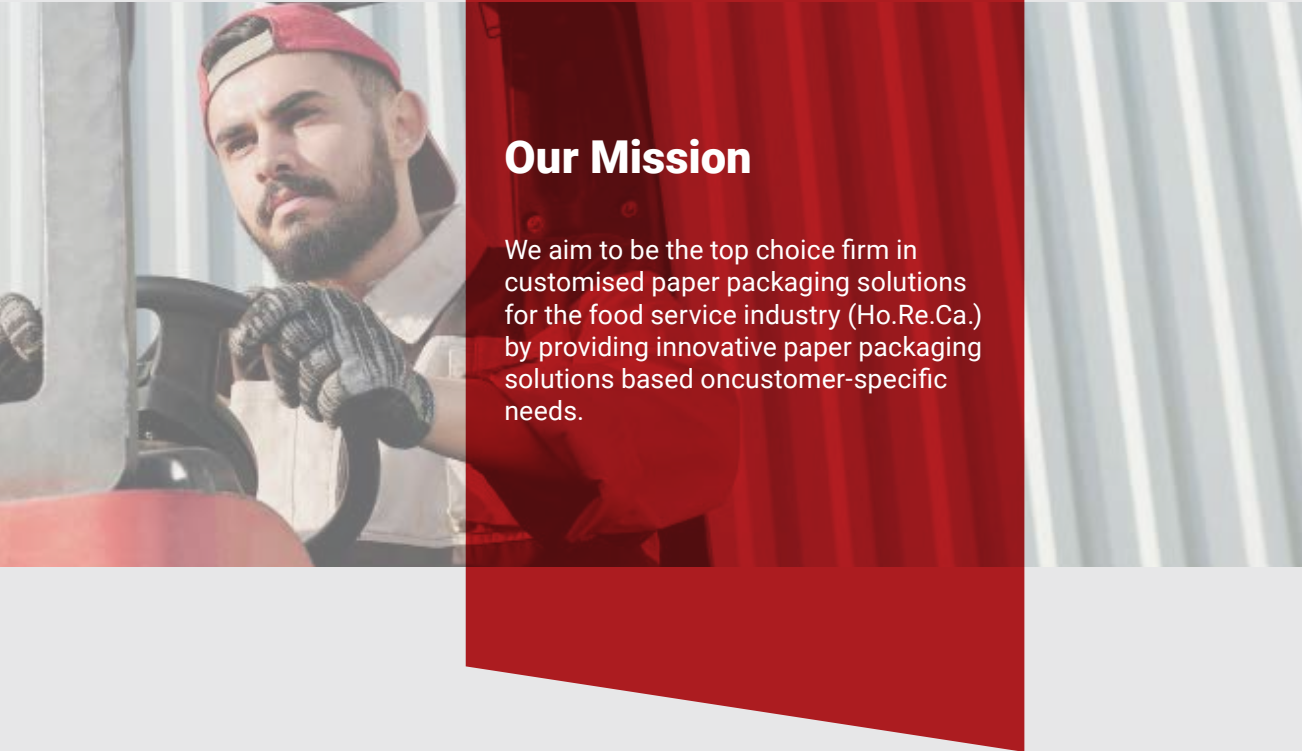

Support

We are present for our customers and provide them with ongoing support every step of the way. We keep up with them via regular calls, emails and meetings to ensure a full understanding of their requirements and business needs.

Enhancement

We enhance our customers' marketing efforts through our offering of high-quality products. We always try to address their needs as well as offer alternative solutions they can benefit from.

Our Mission

We aim to be the top choice firm in customised paper packaging solutions for the food service industry (Ho.Re.Ca.) by providing innovative paper packaging solutions based on customer-specific needs.

Over 60 years of
presence in the
***packaging and
printing industry.***

Sustainability

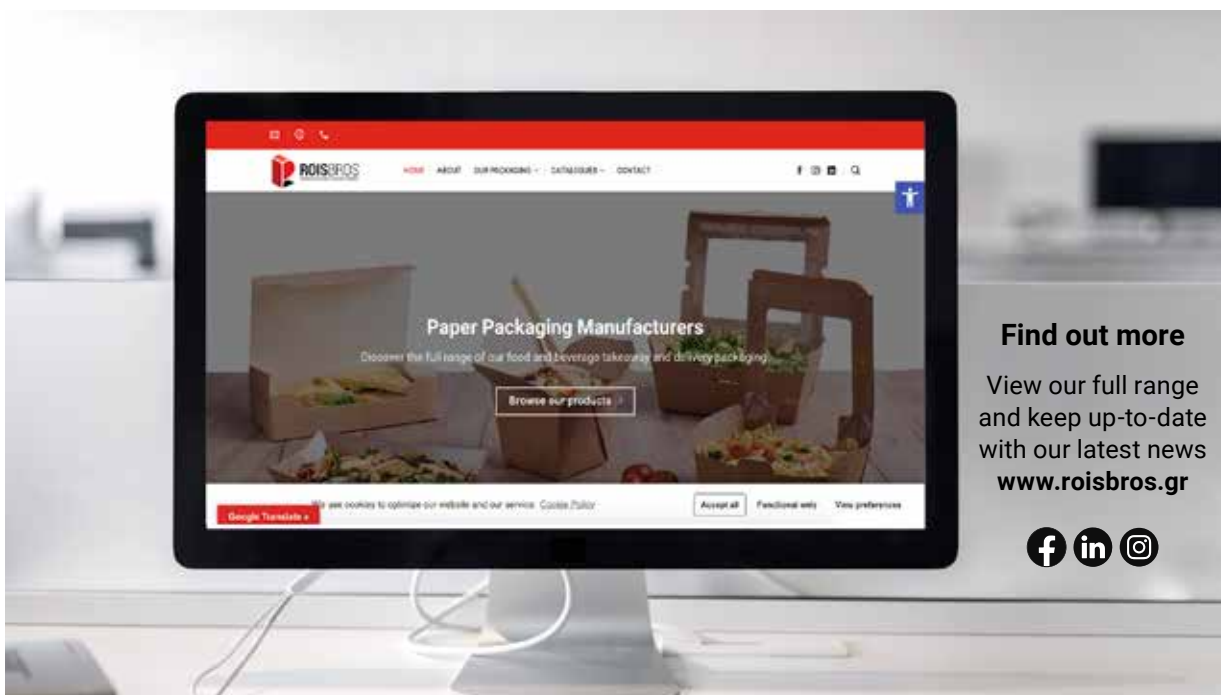

All members of the Rois Bros team recognise the importance of environmental protection. Therefore, we make every effort to minimise the impact of its operations on the environment and carefully consider the materials we use to produce packaging.

Environmental Thinking

Food packaging plays an important role in today's society. At Rois Bros, we strive to ensure that each piece of packaging protects and promotes your food while also delivering on your environmental goals. To that end, we aim to supply you with a wide range of environmentally-conscious materials that can help mitigate our collective impact on the planet. Furthermore, we are committed to continually monitoring our activities and improving our environmental performance.

As we look ahead, we endeavour to continue to expand our offering of sustainable packaging solutions.

We are one **click away.**

Our New Fruit and Vegetable Line

A new paper range to suit all needs.

Investing in Green Solutions

Our new fruit and vegetable line is great alternative to plastic packaging. This range consists of open-top punnets for products that weigh up to 1000 grammes and hinged-lid punnets that offer visibility as well as security for the product on the shelf.

Key Attributes

- Great product visibility
- Suitable for flow pack machines
- Double-folded flaps on the sides to increase rigidity
- External or internal folding to enhance printing surface

Fruit and Vegetables

Our Fruit and Vegetable range is the ideal paper packaging solution for supermarkets, organic fruit and vegetable stores and more. It is easily customisable and offers flexibility when designing your own dye cuts. Furthermore, it promotes sales in smaller, higher-quality packs. As a result, it increases brand awareness and profit margins.

A variety of sizes are available for print with your customer's artwork at a minimum order quantity of 50.000 pieces, in six different qualities of paper.

Key features

Eco-friendly

The use of paper is not only an environmentally- friendly option, but also a superior one due to its biodegradable properties which are not affected by the use of coated materials.

Personalised Printing

This range is fully customisable and offered in high quality print. Branding elements such as logos and product photos can be printed directly onto your packaging. At the same time, the ban of labels results in savings in materials, equipment and labor costs.
