Fruit & Vegetable Boxes

This range is the ideal paper packaging solution for supermarkets, organic fruit and vegetable stores and more. It is easily customisable and offers flexibility when designing your own dye cuts. Furthermore, it promotes sales in smaller, higher-quality packs. As a result, it increases brand awareness and profit margins.

Recyclability Stackability Adaptable Design

Eco-friendly

Utilizing paper not only demonstrates environmental responsibility but also stands as a superior choice, owing to its innate biodegradability that remains unaffected even when coated materials are employed.

Personalised Printing

This versatile range can be effortlessly tailored to your preferences and boasts topnotch printing capabilities. Your artwork, logo, or product photos can be directly imprinted onto your packaging, while the elimination of labels translates into significant savings on materials, equipment, and labor expenses.

* This range is available upon request, offering a wide array of sizes and paper qualities that can be customized with your customer's artwork, with a minimum order quantity starting at 50,000 pieces.
